Atta Ur Rehman

Vibe Engineering || Data Analyst || Python || SQL || Power Bi || Excel
|| Social Media Manager || Meta Ads
Lahore, Punjab, Pakistan

Summary

I'm passionate about exploring datasets, uncovering patterns, and building solutions that solve real-world problems. Currently learning Python, Pandas, NumPy, and Machine Learning basics while working on small projects to sharpen my skills. I'm eager to connect with professionals, collaborate on interesting data challenges, and grow within the data science community.
